

College Opens Doors

www.collegegoalsunday.com

Filling out the FAFSA is the KEY to paying for college.

Why FAFSA?

The FAFSA is the critical 1st step in paying for college. All eligible students are guaranteed some form of student aid. The FAFSA is required in order to:

- Access over \$150B in student financial aid
- Apply for state student aid
- Access FREE money provided by your institution

Also, the FAFSA is often required when applying for private donor scholarships or work-study. To receive maximum consideration for all available aid the FAFSA should be filed by March 1.

College Goal Sunday & Saturday TOO!, is a statewide initiative for students and their family to get free, on-site professional assistance completing the FAFSA.
